

## INDOT to hold Public Meeting for State Road 28 Project

Frankfort, IN – Indiana Department of Transportation will be holding a public meeting for the State Road 28 Project. The meeting will be held on Thursday, November 18, 2021 at 7:00pm inside the Frankfort Community Public Library, Skanta Theatre.

INDOT, Fox and E&B will be present to help answer questions from the community and businesses affected by the closures along State Road 28. “We want to make sure the community and business owners are being heard. It has been a long process already and we know businesses want answers,” said Mayor Judy Sheets. “We want the community to ask questions to the right people so they can receive the correct answers and be provided with an updated timeline on the project.”
